Week 3 — Learning with, not through

Protecting your thinking · Student worksheets: Practice, Reflection, Lab, Check-in

Name (optional): _____

There's nothing to master and no right answer. You don't have to like AI to do this. Skepticism is welcome.

WEEK 3 · PRACTICE

Practice: Walking meditation + STOP before AI

▶ Watch first: **W3 Practice** video in the AIM-YA app.

Walking	5 minutes, slower than usual. Heel, ball, toes. Lift, move, place. When the mind runs ahead, come back to your feet.
STOP	**S**top · **T**ake a breath · **O**bserve (rushed? stuck? curious?) · **P**roceed on purpose. Use it right before you open AI.

Day	Walk (min)	STOP used? What did I choose?
Day 1		
Day 2		
Day 3		
Day 4		
Day 5		

WEEK 3 · REFLECTION · 12–15 MIN

Reflection: My personal AI-use charter

▶ Watch first: **W3 Reflection** video in the AIM-YA app.

Purpose	Decide, in your own words, when AI helps your learning and when it replaces it.
Done looks like	Your level for 2–3 classes or tasks, 3–5 charter lines, and one integrity habit.

The AI-use ladder

Level	What it looks like
0 · No AI	All my own thinking and work
1 · AI for ideas	Brainstorming or questions; the work itself is mine
2 · AI as tutor	Hints, explanations, feedback on my draft; I do the work
3 · AI as collaborator	AI drafts parts; I revise, check, and disclose
4 · AI exploration	Open use to learn the tool itself, when allowed

Class or task	Instructor allows (level)	My choice (level)	Why

My charter

AI helps my learning when...

AI replaces my learning when...

Before I trust an AI answer, I will...

I will always...

Integrity: Worried about being falsely accused of AI use? One habit that protects me (keep drafts, version history, notes, ask early):

WEEK 3 · LAB · 15–20 MIN

Lab: Solve first, then AI as hint-giver

▶ Watch first: **W3 Lab** video in the AIM-YA app.

Setup	A small problem from a class: a math question, short writing prompt, coding bug, concept to explain.
Hint prompt	"Don't solve this for me. Give me one hint to help me take the next step."

Step	What happened
My try (~5 min, no AI)	
Where I got stuck + what I felt	
Hint 1 / Hint 2	
Where I ended up	

Getting a hint vs. getting the answer: how did it feel? Does it fit my charter?

Keep in mind
- If AI gives you the full answer anyway, tell it again: 'only a hint.'
- Follow your instructor's AI policy. Your charter can be stricter, not looser.

WEEK 3 · CHECK-IN · ABOUT 4 MINUTES

Check-in: Week 3

▶ Watch first: **W3 Check-in** video in the AIM-YA app.

Anxiety about AI right now

0 ○ 1 ○ 2 ○ 3 ○ 4 ○ 5 ○ 6 ○ 7 ○ 8 ○ 9 ○ 10 ○

not at all extremely

Curiosity about AI right now

0 ○ 1 ○ 2 ○ 3 ○ 4 ○ 5 ○ 6 ○ 7 ○ 8 ○ 9 ○ 10 ○

not at all extremely

PLAN: Before the lab, what did I decide to try on my own?

MONITOR: When I got stuck, what did I notice in my body and thoughts?

EVALUATE: Did I think first?

☐ Yes ☐ Partly ☐ Not this time

Times I used STOP before opening AI this week:
